DETAILED ACTION

Response to Amendment

The after-final amendment filed on February 14, 2005 is sufficient to overcome the prior art reference.

Allowable Subject Matter

Claims 3-7 and 9-14 are allowed.

The following is an examiner's statement of reasons for allowance: As noted in the Final Office Action, the prior art of record does not disclose or fairly *suggest a deflector having an exterior surface and insertable into the planer body...wherein the conduit directs the airflow over the exterior surface of the deflector prior to directing the airflow to the vicinity of the expulsion aperture* in combination with the rest of the claimed limitations as set forth in claim 3. For the reasons noted in the Final Office Action, claims 3-7 and 9-14 are deemed allowable over the prior art of record.

Neither the prior art of record nor any combination thereof discloses the claimed invention as set forth in claim 3. Accordingly claims 3-7 and 9-14 are deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
